

2008 - 09 Ribbon & Thread Descriptions

Please use these ribbon descriptions when making selections for your Greek order. They will insure that you have ordered the right color/style key fobs, as some computers screens will vary in color, and we do not want you to be misguided. When ordering customs and/or locals, please use these descriptions as guides for ribbon & threads requests so that your locals turn out color appropriate. Discontinued fobs may still be available by request, so if you have a specific need, or are looking for a particular key fob style, please contact us.
